FRESH FACES ON THE IMAGE TEAM

The rapidly expanding team at Stirling-based Image Financial Group has welcomed two fresh faces.

Mira Doolabh joins as a general loans consultant to help their diverse range of clients secure personal loans, car loans, equipment and non-conforming home loans.

James Gorman will take on the role of finance consultant, bringing with him three years of experience including a previous position at a global finance corporation.

Image Financial Group director Maria Amos and avid property investor said the buzz of activity in the real estate industry was driving the growth of services across the wider sector.

"A wealth of new positions have opened up within the industry and we have seen a solid demand for finance and property advice in Perth grow throughout 2006, with all signs pointing to continued growth as we head into the New Year," she said.
